

ParentNet Meeting Reminders

Many schools have sandwich boards made using removable grade numbers (and removable meeting times if needed). You can take the ParentNet logo and name, available for download in "ParentNet Central," bring this photo and the logo to a local sign maker, and ask that they make a similar sign for your school.

On the day of ParentNet meetings, have the sign prominently displayed where parents drop-off and pick-up their children. This is a helpful "last minute" reminder that today is a ParentNet Meeting!
